SUBJECT : Call from Re: Electronic Equipment Requirements from Ramo-Wooldridge Corporation.

1. Jim called this date to state they were sending us a letter setting forth certain Air Force requirements from R-W, including the following:

System 1 - 20 units plus spares

System 2 - 26 units (air only) - plus spares

System 3 - 20 units plus spares

- 2. The Air Force expects to place a requirement with us for four Systems μ , plus spares, at a later date.
- 3. Items unresolved as to numbers at the present time include spares for all systems, antennas for System 1, ground duping and analysis equipment for Systems 1 and 3 (and for System 4) and miscellaneous related items including test sets, special items of auxiliary equipment, training, etc.
- 4. It is to be noted that no ground units for System 2 are being ordered at the present time.

5. A meeting will be scheduled with R-W and the Air Force Project Office as soon as feasible to pin down type of equipment and numbers of such equipment desired.
